

QUALITY MANAGEMENT POLICY

We believe that we will only be as good as the people who work for us. This is stated in the IOH “raison d’etre”. Within this IOH set out our Principles, which includes “to ensure the quality of our service delivery and its administrative support”.

IOH are therefore committed to providing a professional occupational health and safety service based on an assessment of relevant legislation, the standards of health professionals’ regulatory bodies, the requirements of ISO 9001/2015 and individual customer requirements.

IOH are committed to continuous improvement in the effectiveness of its quality management system, by systematic monitoring and review of performance against its stated annual objectives, and supports the strategic direction of the business.

The Management of IOH is committed to this Policy and its communication to all interested parties, which may include, but not limited to staff members, customers and suppliers. IOH will carry out an annual review to ensure continued suitability of the Policy and objectives.
